Technology Across the Curriculum: Activities and Ideas Marilyn J. Bazeli, James L. Heintz

Motivate students and add excitement to learning with these 75 teacher-designed, classroom-tested, and ready-to-use activities. Focusing on curriculum application and integration, the authors provide simple instructions and reproducible activity sheets for video, audio, and multimedia production; computer projects; and photographic/transparency activities. These projects are designed to encourage and involve students in creative, cooperative, integrated, authentic, student-centered learning. For each activity there are objectives, an overview, a definition of skill areas covered, a materials checklist, adaptive ideas, procedure guidelines, and evaluation techniques. Whether your technology setup is basic or sophisticated, this book is for you. Grades 1-12.
