The Solution: How Africans in America Achieve Unity, Justice and Repair Jay Morrison

The Solution is an intentional blueprint and 21st-century handbook designed to help today's African-American community achieve long overdue Unity, Justice, and Repair. Unlike many books tackling such complex subject matter, *The Solution* is an easy read, carefully crafted to engage the reader with its conversational tone, shocking truths, and bold remedies. This handbook is strategically divided into three focus areas, for optimum effectiveness: Mind-shift, Fact Disclosure, and Solution Action Steps. The purpose of this handbook is to take the struggle of Africans in America past merely documenting our oppression, trauma, and victimization suffered here in America, and provide real-life, practical action steps we as a people can implement today to advance our pursuit of Unity, Justice, and Repair. This may not be the end-all be-all answer for us Africans in America; however, this handbook will provide us a strong foundation and framework to build off of as we commit moving our community forward--by *any* means necessary.
