Trust Management for Service-Oriented Environments

Zaki Malik, Athman Bouguettaya

Trust Management for Service-Oriented Environments Zaki Malik, Athman Bouguettaya

Trust Management for Service-Oriented Environments presents social network-based techniques for establishing trust in decentralized environments. This is one of the first books that provide an overview of trust management for open service-oriented environments. Trust Management for Service-Oriented Environments focuses on peer-to-peer computing (P2P) reputation techniques for establishing trust. This book also covers in-depth analysis of trust management issues in open service-oriented environments, trust models for ad-hoc service composition and evaluation of reputation-based trust models for service oriented environments. Trust Management for Service-Oriented Environments is designed for researchers and practitioners working in the service-oriented computing area. This book is also suitable for advanced-level students in computer science.
