Unsung

Jared Maxwell

Unsung Jared Maxwell

Even in our appearance, the apathy was starting to become apparent, as we all had already accepted death and just continued to do our jobs and wait for our numbers to be up, hoping it would be quick.

At a time when the country was focused on Iraq, a brave few were enduring life in the Valley of Death, the Korengal Valley, Afghanistan. Jared Maxwell, a U.S. Army infantryman, articulates the darkness of war in a poetic memoir that speaks of brutality, cruelty, and the ruthlessness of war.

From graphic memories of wounded, dying comrades to painfully eloquent perspectives on the hidden wounds of war, including posttraumatic stress syndrome, Jared Maxwell's cathartic memoir is a glimpse into the horrors of war, as well as the touching relationships and permanent bonds formed between men who were fighting a largely unknown and misunderstood war.

Unsung is about finding your way back from hell, from the brink of death, and from the brink of insanity. It is about escaping death, escaping the nightmares, and finding your strength, even when your mortality is staring directly into your eyes. And it is about valor and the pursuit of victory, even when victory is as distant as hope. As Maxwell so beautifully expressed, Death. We found it, we created it, we endured it, and we braved it.
