Contemporary Economics: An Applications Approach Robert Carbaugh

The 8th Edition of *Contemporary Economics* continues to offer a clear, concise presentation of basic micro- and macroeconomic theory. Emphasising how the discipline of economics connects to the world, the book takes a friendly and accessible tone, illustrating theory with applications.

This new edition comes with updated applications and data to reflect the changing world events since the previous edition was published. With a vast range of updated applications, the handbook uses real world, globally relevant examples that make the subject easy to understand. New and updated topics include:

- Energy and oil
- Economic sanctions on Russia and Iran
- The Eurozone Crisis
- The Trans-Pacific Partnership
- China and the world currency market

Including a Companion Website complete with instructor's manual, lecture slides and test bank, as well as an online study guide and multiple choice questions for students, *Contemporary Economics* is suitable for both economics students and non-majors studying economics and economic issues at the introductory level.
