## Management of Complications in Oral and Maxillofacial Surgery

*Management of Complications in Oral and Maxillofacial Surgery* is a comprehensive reference that covers the minor and major complications which may occur in all facets of oral maxillofacial surgery. Each chapter covers the potential complications encountered during the routine practice of oral and maxillofacial surgery, from the most commonly encountered complications, to those less frequent and more complex with which every competent oral and maxillofacial surgeon should be familiar.

Drs. Miloro and Kolokythas address possible complications in every aspect of OMS, including anesthesia, third molar surgery, implant surgery, maxillofacial trauma, orthognathic surgery, temporomandibular joint surgery, cleft lip and palate surgery, head and neck oncologic surgery, soft and hard tissue reconstruction, free tissue transfer, and cosmetic facial surgery. The contributors to this textbook, recognized experts in their specific topic due to their surgical experience and expertise, focus on the prompt recognition of each complication, and consider preventative measures as well as precise management strategies considering the already compromised clinical circumstances.
