Answering Atheism: How to Make the Case for God with Logic and Charity Trent Horn

Today's New Atheists don't just deny God's existence (as the old atheists did) - they consider it their duty to scorn and ridicule religious belief. We don't need new answers for this aggressive modern strain of unbelief: We need a new approach. In *Answering Atheism*, Trent Horn responds with a fresh and useful resource for the God debate, based on reason, common sense, and more importantly, a charitable approach that respects atheists sincerity and good will making this book suitable not just for believers but for skeptics and seekers too. Meticulously researched, and street-tested in Horn's work as a pro-God apologist, it tackles all the major issues of the debate, including: -Reconciling human evil and suffering with the existence of a loving, all-powerful God -Whether the empirical sciences have eliminated the need for God or in fact point to him - How atheists usually deny moral laws (and thus a moral lawgiver) in theory but seldom in practice -History's best arguments for the existence of God and how to answer objections to them Read *Answering Atheism* and become thoroughly equipped to rebut atheists challenges and to share with them the good news that God is real.
