Lighthouses of Lake Winnebago (Images of America) Steve Krueger

Lake Winnebago has a rich history as a major settlement area in the Midwest, and a significant part of its times gone by involved water transportation for both commerce and passengers. Throughout its history, the 137,700-acre lake has been home to six current lighthouses, two navigation lanterns that have long disappeared from the landscape, and one that was scheduled to be built but never came to fruition. History has forgotten a few, but *Lighthouses of Lake Winnebago* will take you on a trip around the largest lake within Wisconsin's borders and show you the familiar, while introducing you to the forgotten.
