**Pragmatic Fashions: Pluralism, Democracy, Relativism, and the Absurd (American Philosophy)** John J. Stuhr

John J. Stuhr, a leading voice in American philosophy, sets forth a view of pragmatism as a personal work of art or fashion. Stuhr develops his pragmatism by putting pluralism forward, setting aside absolutism and nihilism, opening new perspectives on democracy, and focusing on love. He creates a space for a philosophy that is liable to failure and that is experimental, pluralist, relativist, radically empirical, radically democratic, and absurd. Full color illustrations enhance this lyrical commitment to a new version of pragmatism.
