Laura Clark just wanted a bit of fun. A no-strings attached hook-up that could help her forget all about the stresses of her non-existent love life. But nothing in life is ever that simple. Laura had always been a good girl and she had never had a one night stand. But after a string of failed relationships she was feeling down and lonely. So when she spotted sexy fireman Daniel showing up to attend to a fire across the street she found it hard to stop biting her lip. Those muscles, those pecs, those lips. She knew he was a man who could bring the bad girl out in her and give her the sexual release that she so needed. And she was right. When Daniel flirted with her the chemistry was electric and soon one thing began to lead to another. However, Laura had no idea that this one night stand would turn into something much more. Now with a baby on the way she has to try and contact the father to tell him the news. How will Daniel react to this? And will Laura end up keeping the fireman's baby?
