New York, early twenty-first century. Once, they were famous and their bodies were powerful. They were Mister Fantastic, Batman, Mystique, Superman...Now they know the pains of ageing and regret. And as an obscure conspiracy is threatening their lives, making them even more vulnerable, they live out one last, desperate love story. At once realistic and visionary, here is a novel that revives a pop imagination with a narrative of singular power. Beautifully written, playful and tragic, this is a story about the broken heart of not only a group of former superheroes, but of an entire civilisation, an entire world.
