Japanese Psyche: Major Motifs in the Fairy Tales of Japan Hayao Kawai

This book examines the haunting, sad, and lovely depths of the Japanese soul by studying their idiosyncratic figures: terrible women who eat people, obscene escapes from the Oni monsters, brother-sister bonds, undersea dragon palaces, movements between "worlds". We learn why so few tales end in a "happily-ever-after" marriage, and why the female figure best represents the culture's ego and possible future.

Prof. Kawai, the first Jungian analyst in Japan, has received many honors including distinguished literary prizes for this book. He now holds a most senior position in the Ministry of Culture.

Heather Reader:

Is it a person who having spare time then spend it whole day by means of watching television programs or just telling lies on the bed? Do you need something totally new? This Japanese Psyche: Major Motifs in the Fairy Tales of Japan can be the solution, oh how comes? A book you know. You are and so out of date, spending your extra time by reading in this brand-new era is common not a nerd activity. So what these textbooks have than the others?

Ardith Bobo:

As a scholar exactly feel bored in order to reading. If their teacher questioned them to go to the library or make summary for some reserve, they are complained. Just small students that has reading's heart or real their hobby. They just do what the educator want, like asked to the library. They go to at this time there but nothing reading really. Any students feel that looking at is not important, boring as well as can't see colorful photographs on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this period, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore , this Japanese Psyche: Major Motifs in the Fairy Tales of Japan can make you feel more interested to read.
