Louisiana Law of Sale and Lease is a concise yet thorough casebook for students of Louisiana's Civil law whose authors have taught the subject for many years. By using a direct and straightforward approach, it will help students understand the articles of the Civil Code that govern sale and lease and the judicial decisions that interpret and apply them. The book includes classic cases, newer cases applying the recent revisions of the law, as well as questions and comments that guide the student to an understanding of the Civil Code articles on sale and lease and their place within the law of contract as a whole.
