Margaret Ann Shepherd just wants to be a "normal" high school senior and not be seen as the least bit weird. But nothing extraordinary ever happens to anyone who is not a little odd . . .

When Margaret Ann wakes one morning acting as though she's just stepped out of the Middle Ages, everyone starts to doubt her sanity. But what really happened on the night in question? Placed in therapy to get to the bottom of her "eccentricities," memories emerge of another body, another world, another life--lived over the course of one night.

In *The Soultrekker Chronicles Book I, The Healer of Guildenwood*, Margaret Ann struggles to make a new life with a new name, Arwyn, in a world where elves, mortals, and dwarves live beneath a shadow of tyranny, groaning for redemption. Arwyn must carefully navigate her abilities in combat and the art of healing, which she learns from a mysterious old hermit who seems to know more about her than he willingly admits. And when she accidentally attracts the attention of a brutal dictator, Draigon, her new world becomes even more dangerous. Is she truly an elf, revered by some, feared and hated by the powers that be, or do her passionate tendencies hint at a mortal nature?

Elf or mortal, her soul was "borrowed" for a purpose she can scarcely imagine. Arwyn will either fall into despair over her lost life . . . or discover that which she was born to be.
