This new guide details trails in the Santa Monica Mountains National Recreation Area, the world's largest urban national park stretching from the Pacific Coast right into Hollywood itself; the Santa Susana Mountains in Los Padres National Forest; Angeles National Forest, including the San Gabriels and Mount San Antonio, the highest point in Los Angeles County; the striking desert landscape of Antelope Valley; the Santa Ana Mountains; portions of the San Bernardino Mountains; Chino Hills State Park; and slivers of green space and city parks such as famed Griffith Park.
