The Geography Colouring Book provides a reference book of facts regarding population, land size, languages, religions, exports, climate, etc., plus information about unique geographic features and events of historic significance. Each section begins with a plate containing a political map, a physical map and regional maps. Through active participation by colouring, the student can gain a broader understanding of the material and retain more information. The text also includes a new Geographical Dictionary and covers the five nations rising out of the former Yugoslavia. It aids in recognizing countries by shape as well as location and gaining a sense of the relative sizes of nations and states *Each section begins with a plate containing a political map, a physical map, and regional maps *Through active participation, coloring the maps, students gain a broader understanding of the material and retain more information
