Life is Like A Sonatina Charley Wan

I am a 6th grade student in Pennsylvania. This is a set of short stories that cover a collection of virtues such as patient, caring, confidence, sympathy, friendship, respect, love and hard work. If you love music, you might know sonata or sonatina (a short form sonata) as a form of music. It has a beginning ("exposition"), where two themes are presented in contrasting keys to generate tension, a middle ("development"), where music goes through many distant keys and harmonic instability to the end ("recapitulation"), where both themes are presented at the same main key, resolving the tension. Life is like a sonatina. There are forces that generate tensions when we cultivate our virtues, and usually the tensions are resolved and as a result, we grow more mature.
