This book speaks to my family and friends. The church goes that still preach hate instead of love. I have family and friends of all different ages that are gay and for a long time now wondered about what the Bible truly speaks about when it comes to homosexuality. I what I have learned is what I already knew in my heart. God has called us to love. I am a straight christian woman,with a different point of view and I am tired of people talking badly about my friends and family. God loves us all point blank. My message will always be with all of my messages and books unity and love. Without the back bone we fall. I know Christians do not want to hear this,but the bible is not without question and is often subject to interpretation. The message however has been clear from the very beginning , Love with no Judgement and without fear.
