Advanced Medication Administration Skills Lena L. Deter

Advanced Medication Administration Skills provides medical personnel with the advanced knowledge and skills needed to perform medication administration safely and effectively under the clinical direction of the health care provider and supportive clinicians. The materials and guidelines offered in this training manual will provide comprehensive training in the advanced tasks unlicensed staff are often required to deal with on a day-to-day basis. This includes CNAs, HHAs, hospice workers, PCAs, certified medical assistants in physician's offices and clinics, direct care workers in community settings such as group homes and work places for the individuals with mental illness and/or developmental disabilities and individuals administering medications in private and public school settings. In addition, the book offers licensed individuals a thorough review of advanced medication administration skills and serves as an excellent reference manual for licensed staff. It offers ongoing support to a facility's established medication policies and procedures and serves as the foundation to a strong nursing curriculum.
