Excerpt from How I Trade and Invest in Stocks and Bonds: Being Some Methods Evolved and Adopted During My Thirty-Three Years Experience in Wall Street

During the last thirty-three years I have been a persistent student of the security markets. As a member of several Stock Exchange firms, as a bond dealer, trader and investor, I have come into active contact with many thousands of those who are executing orders and handling markets, as well as those who deal in such markets, namely traders and investors.

For the past fifteen years I have edited and published The Magazine of Wall Street, which at this writing has the largest circulation of any financial publication in the world.
