The Inside Out Story John Bucher, Jeremy Casper

The Inside Out Story is a way of identifying the bare essentials of different types of stories by turning them inside out. Every well developed main character has two goals -- an interior goal and an exterior goal (inside-out). If you are able to clearly establish your character's goals, take them on a journey that -- despite great adversity -- ultimately leads to the accomplishment of these goals, you are already leagues ahead of most filmmakers.
