North American New Right, vol. 1

NORTH AMERICAN NEW RIGHT is the journal of a new intellectual movement, the North American New Right. This movement seeks to understand the causes of the ongoing demographic, political, and cultural decline of European peoples in North America and around the globe-and to lay the metapolitical foundations for halting and reversing these trends. The North American New Right seeks to apply the ideas of the European New Right and allied intellectual and political movements in the North American context. Thus NORTH AMERICAN NEW RIGHT publishes translations by leading European thinkers as well as interviews, articles, and reviews about their works.
