## **Family Secrets Unveiled Within!**

Grandma was an angel!! I know she was. Whenever anybody needed anything, she was there. She would do anything for her fifteen children and sixty-two grandchildren; except tell a family secret.

I believe there is a "bad seed" in all of us. We inherit the bad along with the good. If we recognize that we each carry that "bad seed" and learn how to deal with individual emotions, decisions, and choices, there will be less trauma in the family. It is inappropriate to sexually love a family member and should never become a family secret. We no longer have to "keep it in the family!" I firmly believe there should be no "family secrets" because if we are silent; the abuse or problem continues from generation to generation.
