The Invisible Force Ed Parker

THE INVISIBLE FORCE is a composite of people, concepts, circumstances and orders to perform. This is a mystery for all ages and all age groups sprinkled with humor and tragedy. Primarily, this story revolves around the lives of two individuals and their associates, along with several rarely known and never published spectacular events. Much has been written about the 1 July 1960 shoot-down of an American RB-47 spy plane. But the REAL reason that this "particular" crew was singled out to be shot down has been a well-kept secret. The events of "1959" are extremely significant. At most there are only three men alive today that were there and only one of them knows and remember what really happened. In addition to "First Hand Knowledge," numerous formerly SECRET and TOP SECRET documents were used to substantiate the material presented in this story.
