Time = the fourth dimension and a measure in which events can be ordered from the past through the present into the future But what happens when two of those dimensions collide? Six stories of love past and present: from the breathtaking fjords and conquering Vikings of Norway to the lush green isles of Ireland and its ever-battling lairds; from the white sand dunes and sculptures of Egypt and the vanquishing Rome to a simpler life in the early USA, including the iconic Route 66.
