Be Prepared for the AP Calculus Exam Mark Howell, Martha Montgomery

Be Prepared for the AP Calculus Exam is your indispensable guide to scoring well on the Advanced Placement Calculus AB or BC exam. This edition has been updated to meet the requirements and format of the 2017 and future exams.

The book features an outstanding team of authors and practice exam contributors: veteran AP Calculus teachers who have served on the AP Calculus Test Development Committee and are College Board consultants, exam grading leaders, and AP award recipients.

A serious introductory chapter describes the exam format and requirements and offers important tips for successful exam taking. Eight review chapters thoroughly cover all of the AB and BC material. Embedded in these chapters are 200+ multiple-choice and free-response questions with solutions that show you effective strategies and shortcuts. Five complete practice exams with answers and solutions (three AB and two BC exams) will give you plenty of practice material and help you decide whether to take the AB or BC exam.

This book's companion web site contains annotated solutions to free-response questions from past AP exams.
