Tired of playing by the Green Wizard's rules, the four teams of the Minecraftia Survival Games decided that another round of smashing beacons and cutting each other's throats was the last thing they were willing to do.

Instead, they would take the battle to the madman himself.

Banding together under the leadership of Clark, the twenty contestants dedicated their lives to ending the wizard's sick game once and for all.

But the Green Wizard soon discovered their plot and enemies and obstacles were plentiful. There was no question that many of them would die.

The real question was whether enough of them would survive to kill their true enemy.
