The government is taking away basic freedoms granted under the Constitution. This helpful guide gives a clear vision of what your rights are and how you can protect them.

In order to truly understand the freedoms we have as people of the United States, we must fully comprehend our Constitution and the reasons why our Founding Fathers devised it. If we don't, we'll never fully grasp the danger that lurks today of losing those freedoms to an ever-growing government and its lack of accountability. As a nationally recognized expert on the U.S. Constitution, Judge Andrew P. Napolitano states in simple Q&A format the meanings behind our Constitution and exposes areas that are in jeopardy of unequivocal compromise. He addresses hard-hitting questions such as, *What are the limits to government power in a free society? Are your rights guaranteed? What forces have collaborated to destroy personal freedom?* and many more. Seeing, studying, and examining these issues will illuminate the unconstitutional realities of the government's role today.
