Advanced Microeconomic Theory: An Intuitive Approach with Examples (MIT Press) Felix Muñoz-García

This textbook offers an introduction to advanced microeconomic theory that emphasizes the intuition behind mathematical assumptions, providing step-by-step examples that show how to apply theoretical models. It covers standard topics such as preference relations, demand theory and applications, producer theory, choice under uncertainty, partial and general equilibrium, monopoly, game theory and imperfect competition, externalities and public goods, and contract theory; but its intuitive and application-oriented approach provides students with a bridge to more technical topics. The book can be used by advanced undergraduates as well as Masters students in economics, finance, and public policy, and by PhD students in programs with an applied focus.

The text connects each topic with recent findings in behavioral and experimental economics, and discusses these results in context, within the appropriate chapter. Step-by-step examples appear immediately after the main theoretical findings, and end-of chapter exercises help students understand how to approach similar exercises on their own. An appendix reviews basic mathematical concepts. A separate workbook, *Practice Exercises for Advanced Microeconomic Theory*, offers solutions to selected problems with detailed explanations. The textbook and workbook together help students improve both their theoretical and practical preparation in advanced microeconomics.

From reader reviews:

Geraldine Noll:

The feeling that you get from *Advanced Microeconomic Theory: An Intuitive Approach with Examples* (MIT Press) is a more deep you excavating the information that hide in the words the more you get thinking about reading it. It doesn't mean that this book is hard to be aware of but *Advanced Microeconomic Theory: An Intuitive Approach with Examples* (MIT Press) giving you joy feeling of reading. The copy writer conveys their point in selected way that can be understood through anyone who read it because the author of this reserve is well-known enough. This kind of book also makes your own vocabulary increase well. Making it easy to understand then can go together with you, both in printed or e-book style are available. We suggest you for having this *Advanced Microeconomic Theory: An Intuitive Approach with Examples* (MIT Press) instantly.

James Dungan:

Advanced Microeconomic Theory: An Intuitive Approach with Examples (MIT Press) can be one of your beginning books that are good idea. We recommend that straight away because this reserve has good vocabulary that can increase your knowledge in words, easy to understand, bit entertaining however delivering the information. The author giving his/her effort that will put every word into satisfaction arrangement in writing *Advanced Microeconomic Theory: An Intuitive Approach with Examples* (MIT Press) yet doesn't forget the main stage, giving the reader the hottest and also based confirm resource info that maybe you can be among it. This great information can easily drawn you into brand-new stage of crucial contemplating.

Gary Ritchie:

As a student exactly feel bored to be able to reading. If their teacher questioned them to go to the library or even make summary for some book, they are complained. Just tiny students that has reading's internal or real their hobby. They just do what the instructor want, like asked to go to the library. They go to there but nothing reading significantly. Any students feel that looking at is not important, boring in addition to can't see colorful photographs on there. Yeah, it is to get complicated. Book is very important in your case. As we know that on this period, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore this *Advanced Microeconomic Theory: An Intuitive Approach with Examples* (MIT Press) can make you truly feel more interested to read.

Carl Johnson:

Some people said that they feel weary when they reading a book. They are directly felt this when they get a half areas of the book. You can choose often the book *Advanced Microeconomic Theory: An Intuitive Approach with Examples* (MIT Press) to make your reading is interesting. Your own skill of reading proficiency is developing when you such as reading. Try to choose very simple book to make you enjoy to

learn it and mingle the opinion about book and studying especially. It is to be initially opinion for you to like to start a book and examine it. Beside that the publication *Advanced Microeconomic Theory: An Intuitive Approach with Examples* (MIT Press) can to be your brand-new friend when you're experience alone and confuse with what must you're doing of this time.
