David Lochville is intelligent, successful, a brilliant planner, and attractive. Michael Brugman has never despised anyone as much as David Lochville – and that was before he learned of Lochville’s latest plan. Lochville has figured out how to extort billions from governments and he is funnelling that money to groups that will keep geopolitical tension high. Brugman and his friends tumble onto Lochville’s plan and have to work in absolute secrecy, and to an impossibly tight deadline to stop Lochville from unleashing a disaster in London. To their shock, they realise that they misread the master strategist’s plan and that they have the wrong target and no time to correct their error. Lochville has learned about Brugman and he is determined to stop him interfering in his brilliant scheme. And he knows exactly where to apply pressure – Brugman’s fiancée and Lochville’s former fiancée, the brilliant Almie Rabie. Brugman not only needs to stop Lochville’s diabolic scheme, he also needs to stop Lochville kidnapping the woman he loves. With time running out, he has to prioritise whom he is going to save. It is a decision that will affect more people than just Brugman. It will change the lives of millions.
