The classical starchitect

Understanding the influence of Andrea Palladio

Andrea Palladio (1508–1580) is largely considered the father of Western architecture. Strongly influenced by formal temple designs in Ancient Greece and Rome, he pioneered a revival of Classical symmetry and perspective, and with it created a **universal architectural language**.

From his humble beginning as a stonemason's apprentice, Palladio rose to become **Chief Architect of the Republic of Venice**, at the time the epicenter of European innovation. There, he designed the church of the **Redentore** and **San Giorgio Maggiore** on the landmark promontory between the Giudecca canal and the greater Venetian lagoon. In nearby Vicenza, Palladio built the world-famous **Basilica**, the **Villa Rotonda**, the **Teatro Olimpico**, and in the surrounding Veneto countryside numerous **rural villas** noted for their inclusion of local, vernacular architecture within a Classical scheme and the use of porticos to provide liminal spaces between the interior and exterior. Both the Palladian villas and the City of Vicenza are today both designated **UNESCO World Heritage sites**.

Overtime, Palladio's architecture evolved into the Palladian style, a universal language of cool, calm elegance that informed buildings from **Capitol Hill** in Washington, D.C.; to Thomas Jefferson's home in **Monticello**, Virginia; to **St Paul's Cathedral**, London. This foundational book from TASCHEN Basic Art 2.0 collates Palladio's most significant structures into one dependable introduction, documenting his development into **one of the most influential architects of all time**.

We propose you for having this kind of Palladio instantly.

Bradley Bishop:

As a pupil exactly feel bored to be able to reading. If their teacher expected them to go to the library as well as to make summary for some publication, they are complained. Just minor students that has reading's heart or real their leisure activity. They just do what the teacher want, like asked to go to the library. They go to at this time there but nothing reading critically. Any students feel that reading through is not important, boring and can't see colorful images on there. Yeah, it is to be complicated. Book is very important for you. As we know that on this period of time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore , this Palladio can make you experience more interested to read.

Richard Kowalski:

A lot of people said that they feel uninterested when they reading a reserve. They are directly felt it when they get a half parts of the book. You can choose typically the book Palladio to make your own reading is interesting. Your skill of reading skill is developing when you similar to reading. Try to choose very simple book to make you enjoy to learn it and mingle the opinion about book and reading especially. It is to be initially opinion for you to like to available a book and study it. Beside that the guide Palladio can to be a newly purchased friend when you're truly feel alone and confuse in doing what must you're doing of their time.
