All Hazards Security Best Practices for All Levels of Government, Education & Corporate Events Checklists – Templates - Lessons-Learned The authors, Don Philpott, recognized international writer on security solutions, and Branch Walton, former U.S. Secret Service and corporate security advisor, have teamed up to bring to the reader security best practices for events planning. This book has drawn on national and regional events lessons-learned and "right-sized" this planning for all levels of government, education and corporate events. From local parades and public events to major sports and entertainment - all can use this practical guide. Major special events are typically of regional and national importance requiring the input and assistance of multiple agencies. These larger events, which often include a variety of VIPs and political figures, are also potential targets for terrorists, criminals, and protestors. They require extensive planning, elaborate communication at many levels, and a comprehensive approach. Special Events Security consists of an easy to follow five-step process that covers everything you need to know and do to manage successful, safe and secure events. Packed with real case studies, best practices and checklists, it walks you through the entire organizational process from the first day of planning to post-event evaluation. There are detailed sections for law enforcement officials and for all others involved in planning or participating in a special event, no matter how big or small. Covers all hazards - natural disasters and person caused. If you organize events or are responsible for their safety and security, Special Event Security Planning & Management is an invaluable handbook that you cannot afford to be without.
